5. _____

*Responsible for typing the corrected script and emailing it to me by 6:00 pm on Sunday night. This will be 20% of your grade.

brandon.gatlin@acboe.net

Schedule of Work:

- 1) End of block day assemble groups and assign roles. Begin work on script. Begin planning props to bring, and who will bring them.
- 2) Friday - Complete script. Allow me to proofread and make corrections.
- 3) Weekend - Type corrected script neatly, line by line. Mark who says what. Include stage directions.
- 4) Monday - Perform role-plays after short period to warm-up/practice.

Rubric: You must include the following things to get full credit

- greetings between waiter/waitress and customers
- small talk between ALL persons at table
- order for food/drink taken
- ask for check
- goodbyes
- include props

CATEGORY	3	2	1	0
Greetings	The server greeted the customers and all customers greeted the server in return	The server greeted the customers and most of the customers greeted the server in return	The server greeted the customers but only one customer greeted in the server in return	There were no greetings
Small Talk	All customers asked at least one question of another customer and all responses were correct	Most customers asked at least one question of another customer and most responses were correct	Only one customer asked a question of another customer and the reply was correct	There were no questions asked during the meal between the customers, or no replies were correct
Food/Drink Orders	All customers gave both food and drink orders when prompted by the server	Most customers gave both food and drink orders when prompted by the server	Only one customer gave his/her food and drink order to the server	No food or drink orders were given by the customers
Props	The use of props make the role-play seem realistic	The role-play lacked a few props to make it seem realistic	Only a few props were used and the role-play did not seem realistic	No props were used
Typed Script	Script was neatly typed and correct, with very few errors, if any. Script included screen directions and was emailed to me by the deadline	Script was neatly typed and mostly correct, with few errors. Script lacked screen directions. Script was emailed to me by the deadline	Script has many errors and also lacked screen directions and was not delivered by the deadline	Script was illegible and confusing, with little to no screen direction. Was not delivered by the deadline
